

The Right Honorable Governor Gray Davis
State Capitol
Sacramento CA 95814

July 9, 1999

Dear Governor Davis:

Please invest State funds to increase efficiency in water use (driving through the Central Valley we have seen watering of fields in the heat of the day causing great loss of water by evaporation before it even reaches the ground). Water quality needs to be improved for both people and wildlife by enforcing pollution limits. No more dams that flood valuable habitat and remove needed water from our rivers.

Please support the CALFED Bay/Delta program.

Sincerely

Fred & Ilse E. Kornfeld
